

Study protocol

Experimental groups:

- | | |
|-----------------------------|--|
| PBS | sensitized and challenged, PBS intranasal only |
| γ/δ depletion | sensitized and challenged, γ/δ T-cell depletion |
| TNF 5ng | sensitized and challenged, administration of 5ng TNF- α /treatment |
| TNF 500ng | sensitized and challenged, administration of 500ng TNF- α /treatment |
| γ/δ + TNF 5ng | sensitized and challenged, γ/δ T-cell depletion administration of 5ng TNF- α /treatment |
| γ/δ + TNF 500ng | γ/δ T-cell depletion administration of 500ng TNF- α /treatment |
